

# Time Crimes - Escape Case

A fun adventure that will create insights in your teamwork and communication skills.

comes to a location of your choice  
for 10 - 30 players

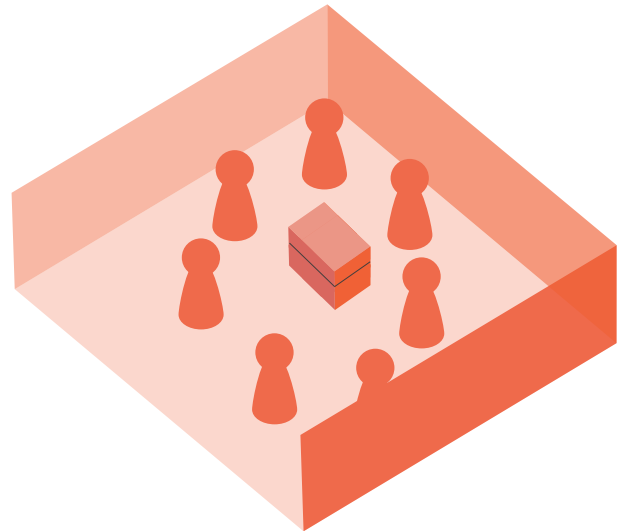

75 or 90 min playing time

from the creators of  
prize-winning Escape Rooms

developed in cooperation  
with organizational Psychologists

"We had a fantastic adventure at our office and  
we recommend it warmly for other companies as well!  
The adventure was way beyond our expectation!"

# Learning through Play

---

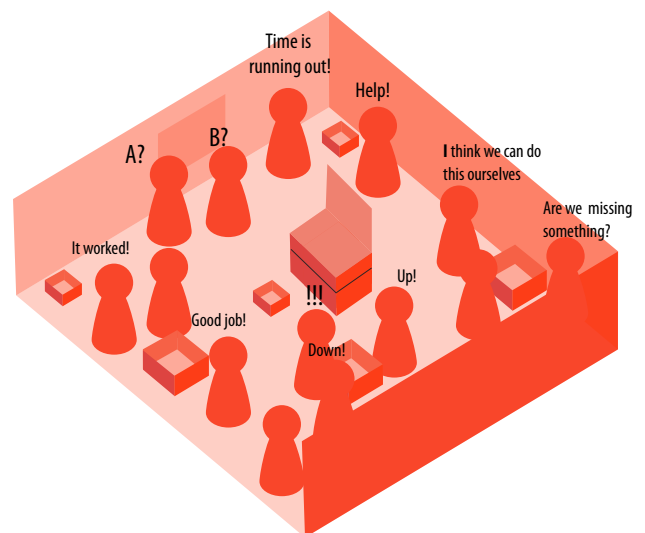

A series of mind-bending puzzles present your team with unique challenges in a race against the clock. Common hierarchies are disrupted as nobody is an expert in this mission.

## Success does not come easily!

---

To succeed it requires players to take action and become fully engaged. They have to divide strengths, share information, support each other, make decisions and keep an overview.

Being immersed in such a situation reveals a lot about our work and communication style. It can help us to question everyday habits and to see ourselves and our colleagues from a different perspective.

“Men do not quit playing because they grow old; they grow old because they quit playing.”  
Oliver Wendell Holmes Sr.

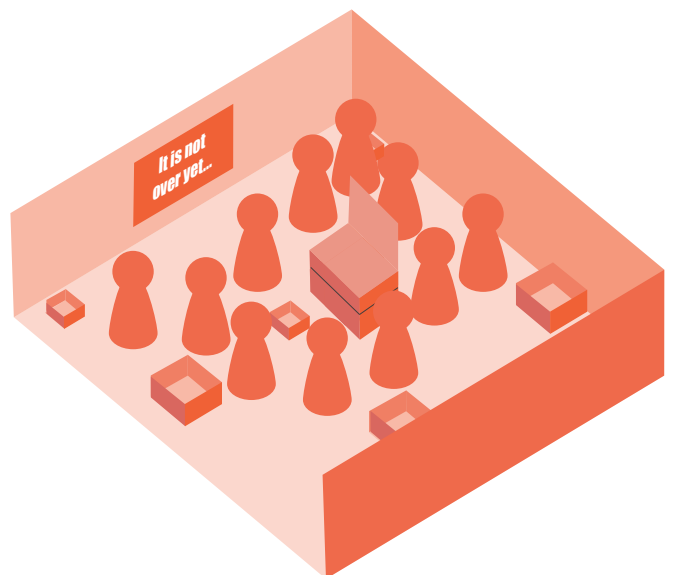

# Harvest your learnings

---

Time Crimes is designed by experienced game designers in collaboration with organizational Psychologists to provide the players with a great adventure and an insightful experience.

To not miss the learnings in the excitement of the moment, we strongly advice to follow the game with a **guided reflection**.

The game has been used for **training**, **assessment** or **teambuilding**. Our facilitators will be curious about your goals for the event and can adjust the reflection accordingly.

Focus points can include for instance:

---

Leadership & Group Dynamics, Harmony & Team-Bonding, Flow & Focus, Motivation, and many more...

# The Ultimate Team-Challenge

---

## Pricing

---

As corporate package we offer Time Crimes + reflection for 615€. If you are not interested in the reflection, please refer to our table for private groups:
